

# Squishy Robotics Sensor Robot Shipping and Storage Case

## RAPID DEPLOYABILITY

Our robots enable fast and increased access to difficult or dangerous environments, complementing boots on the ground for unparalleled situational awareness. This case contains all equipment needed to operate two such robots.

## RUGGED STORAGE

Just like our robots, this storage case is rugged. It is environmentally sealed, allowing the robots to be stored in non-climate-controlled environments. The case includes fireproof bags for safe storage of the lithium-polymer batteries.

## FLEXIBLE USES

The case can be conveniently stored in a variety of locations – the back of a fire engine, a pickup truck bed, or a storage locker.

It has built-in wheels and handles and can also be shipped as checked baggage on flights.

## Storage Space for:

- 2x 4-Gas<sup>PLUS</sup> Sensor Robots (Packed)
- Spare Rods for 4-Gas<sup>PLUS</sup> Robots
- Spare Mechanical Parts Kit
- Chromebook
- Documentation User Guides
- Spare Electrical Parts Kit
- Calibration Gas Cylinder
- 2x Lithium-Polymer Storage Bags
- 2x Calibration Cap and Hose
- 2x Battery Chargers
- Storage Space for Spare Cables

## Technical Specifications:

- **Weight (case only):** 25.4 lbs.
- **Weight (with foam):** 31 lbs.
- **Weight (fully packed):** 46 lbs.
- **Exterior Size:**  
26.75 in x 26.5 in x 15.625 in
- **Temperature Range:** 180 to -69 F
- **Water and Dust Tight:** MIL-STD 810G
- **Built-in Wheels and Handle**
- **Custom cut-out foam**

**Fabricated by Go Professional Cases  
(GPC Custom Cases) exclusively for  
Squishy Robotics.**
